PENTATHLON
Handbook for Competition

Prepared by
The New York State Certified Officials of Track
and Cross-Country, Inc.

REVISED, 2013

Tom McTaggart
Rules Interpreter

Robert Headwell
President

Pentathlon – Defined

The NFHS Track and Field Rules cover Pentathlon competitions in Rule 8, “**Special Events**”. It is defined in Rule 8, Section 1, article 2. “The Pentathlon shall consist of five events which shall be held in the following order, *unless state association rules apply:*”

When the NYSPHSAA Track & Field Committee adopted the pentathlon, they put in an order of events and a set of rules for competition that comprise those “state association rules’ that will be applied when this event is conducted.

This manual is a listing of the NYSPHSAA rules of competition, as well as an operations manual for those conducting a Pentathlon competition. Consistency of rule applications and competition administration and management throughout the state will encourage not only the efficiency of conducting this special event, but will inevitably encourage the challenge of participation by more athletes. Hopefully, this manual will encourage both of these objectives.

New York’s Pentathlon

RULE 1 – Events, Order and Rules Employed

NYSPHSAA rules state that the Pentathlon shall consist of five events, generally run as a one-day event, but can be conducted over two days. The events listed for Boys and Girls shall be conducted in the order as listed *unless prohibited by circumstances of foul weather (abridged by Referee’s order), the nature of the facility (abridged by the Games Committee), or changed by a resolution of the NYSPHSAA Track and Field Committee.*

Boys

110 M High Hurdles (39")
High Jump
Shot Put
Long Jump
1500 meter run

Girls

100 M Hurdles (33")
High Jump
Shot Put
Long Jump
800 meter run

National Federation Rules (NFHS) shall govern the conduct of each of the events listed with the following exceptions:

1. Track Events – Athletes will be permitted one false start. On the occasion of a second false start, they shall be disqualified from that event. **HOWEVER**, since they have attempted to start the event, they will receive zero points for that event but allowed to continue (see “participation requirements” below).
2. Shot Put and Long Jump – Athletes will be allowed only three (3) attempts in these events.

RULE 2 – OFFICIALS

- 1) Pentathlon Referee (a.k.a. Multi-Events Referee) or Coordinator – A Pentathlon Referee or Coordinator shall be appointed or assigned by the Games Committee and shall have the following duties:
 - a) Organizing the competition. He or she will verify and record, or have the results recorded for each event, post the standings after each event, inform the contestants of the standings after each event, or cause them to be notified of where they can see them if they missed your announcement, and verify and sign the final results before the announcement of the final standings at the conclusion of the contest.
 - b) If appointed as a Coordinator rather than a Referee, he or she shall report any problematic situations to the meet Referee for final judgments, and shall verify with the assistance of the Meet Referee the final results.
 - c) Communicate to all the athletes the starting time and the place for assembling for the next subsequent event.
 - d) If assigned as Pentathlon Referee, he or she shall rule on all matters concerning the rules of competition throughout the entire event.
 - e) He or she shall determine flights and competition order in field events, and lane assignments for running events, in the manner prescribed by the Games Committee (e.g. by random lot, by seeding, etc), unless done by clerking software method. If the games committee has no prescriptions, guidelines follow below in Rule 4.
 - f) The determination of flights and competition order should be set up prior to the event during the rest/recovery period.
 - g) If there are no prescriptions by the games committee to the contrary, flights for the field events should have no more than 10 and not less than 6 athletes.
 - h) The Pentathlon Referee shall have the authority to rearrange any group for reasonable purpose.
 - i) The Pentathlon Referee shall make sure that all implements and equipment are in compliance with NFHS rules.
 - j) The Pentathlon Referee shall make sure that all contestants are apprised of the rules of each field event, either by the field event judges or themselves.
 - k) Assisting, when necessary, the officials conducting the field events for the Pentathlon with the administration of those events.
 - l) Supervise the timing of the 30-minute rest/recovery intervals between the five events.

- m) For all events use the correct scoring tables – the I.A.A.F. 2001 (Edmonton) tables – used in every NCAA rulebook since 2002. Make sure you are using the hand-held time tables or the F.A.T. tables as appropriate.
- n) Make sure all field event measurements are made in the metric system for scoring purposes. Conversion to imperial measurement to assist the athletes is permissible for purposes *other than scoring*.
- o) If a mark achieved by an athlete in an event falls between the marks on the scoring table, credit should be given for the *next lesser score and points* for the mark.
- p) Ties in field events should not be broken. Athletes are to be given equal credit for equal performances.
- q) At the conclusion of each event, the time of day should be noted on the scoring sheet so that the time of the next event can be determined and announced.

2. Track Event and Field Event Officials to conduct the events for the contestants including:

- a) A Starter.
- b) Timers – Each athlete will need three (3) times recorded for each track event, unless an automated timing system is employed.
- c) Field Event Officials sufficient in number to efficiently conduct each event. Field event officials assigned by the Games Committee should also officiate the Pentathlon field events unless a separate crew of officials is assigned to officiate just the Pentathlon events.

<p style="text-align: center;">RULE 3 – Competitors, Participation Requirements and Penalties for Violations</p>

- 1) Any athlete who becomes a competitor in the Pentathlon (see NFHS Rule 4 Section 1) during any NYSPHSAA sanctioned event, becomes immediately subject to NFHS Rule 4, Section 2, Article 3. *They will thus be prohibited from participating in any event other than the Pentathlon events during that sanctioned contest.*
- 2) Competitors shall be kept together as a group throughout the contest, unless flights are sent to different venues (pits, circles, etc.) to speed up the competition.
- 3) A competitor who starts a track event within the program, but does not complete that event receives a score of zero for that event, but shall be permitted to continue the competition. (This applies to athletes who are disqualified for false starts as well.)
- 4) A competitor who does not achieve a fair mark in any field event within the program will receive a score of zero in that event, but shall be permitted to continue the competition.

- 5) Any competitor found to be found in violation of Track event rules (Rule 5-11-1&2, Rule 5-12-1&2, Rule 5-13-1&2, Rule 4-5-4,7,8,9) and ruled as such by the Referee (Track or Pentathlon Referee), shall receive a score of zero in that event, but shall be permitted to continue the competition.
- 6) Any competitor found to demonstrate unacceptable conduct (Rule 4-5-2) and ruled as such by the Referee (Track or Pentathlon Referee), shall receive a score of zero in that event, but shall be permitted to continue the competition.
- 7) Any competitor determined to be exhibiting unsportsmanlike conduct (Rule 4-5-1) shall be disqualified from further competition and forfeit any credit for performances achieved during the contest.
- 8) *An athlete who does not commence to start any of the events in the Pentathlon shall be considered to have abandoned the competition, and shall not be permitted to participate in any subsequent event or be included in the final placement in results or in any team scoring.*

Rule 4 – Setting Heats, Flights, Competition Order – General Guides

When Meet Manager or other software is employed for this purpose, the Pentathlon Referee should check to make sure the application of the program is consistent. If management software is not employed, or the Games Committee does not provide instructions, here are some guidelines for the management of the Pentathlon competition.

- 1) Flights for the hurdles should be seeded (if at all possible) according to the potential high jump performances of the competitors. The lowest high jumpers will run in the first heat, with the higher jumpers being placed in subsequent heats.
- 2) **To avoid potential hurdle violations**, hurdles should be placed in all lanes, and hurdlers should be assigned to every other lane. While it is frequently difficult, avoid where possible assigning an athlete to a lane where he or she might have the potential of a “hooking” violation.
- 3) **Flights for the field events** should be randomly drawn for competitors and a random draw for positions within the flight. Ties in the field events shall not be broken.
- 4) **In the high jump**, the games committee will determine the starting height of the crossbar and each increment rise. *The recommended increment increase for the high jump is 3 centimeters.* If the games committee does not set the starting height, the Pentathlon Referee shall set the starting height at least two centimeters (2cm) below the lowest possible seeded height. When only one competitor remains, only multiples of 3 cm can be used.

- 5) **In the last event**, the competitors should be arranged so that if sections are required, the lower scoring athletes will be in the first section, and higher scorers in the last section. ~~The highest scorer in each section will be assigned the pole position, with lower scores moving out toward the outside of the track.~~
- 6) Scores according to the current IAAF tables should be announced for each event and as a cumulative total after each event and when the final standings are verified.
- 7) Track events must provide three hand times for each competitor. All three times should be recorded. Where tables for hand times are not available, the following conversion factor should be used in order to determine an F.A.T. parallel for using the F.A.T. tables

110 & 100 m Hurdles – Time +.24 secs. 800 & 1500m – just add “0” to 10th sec.
- 8) If a fully automatic timing system is used, the time recorded by the device is all that is necessary. The F.A.T. tables should be followed in this circumstance.
- 9) If results of performances of any kind fall *between* performances listed in the tables, the athlete shall be awarded points applied to the next *lesser* performance listed on the tables.
- 10) The winner of the Pentathlon will be the competitor who has scored the highest number of points in all events.
- 11) **Breaking Ties in Total Points For Placement:** *In the case of a tie*, the winner shall be the competitor *scoring the greatest number of points in a majority of events*. If the tie still continues, the winner shall be the competitor scoring the greatest number of points in any *one* of the events. If the tie still remains, the winner is the competitor with the highest number of points in a second event, etc. in sequence downward. This procedure shall apply to ties for any place in the competition.

Note for those conducting sanctioned Decathlon and Heptathlon Events: These guidelines apply to those events as well. In the Decathlon, the recommended interval of ascent in the Pole Vault is 5 centimeters if not designated otherwise by the games committee.

These guidelines are based upon a hybridization of National Federation Rules and Rule 200 of the *U.S.A. Track and Field 2004 Competition Rules*.
