

Warm-Up: Inventions

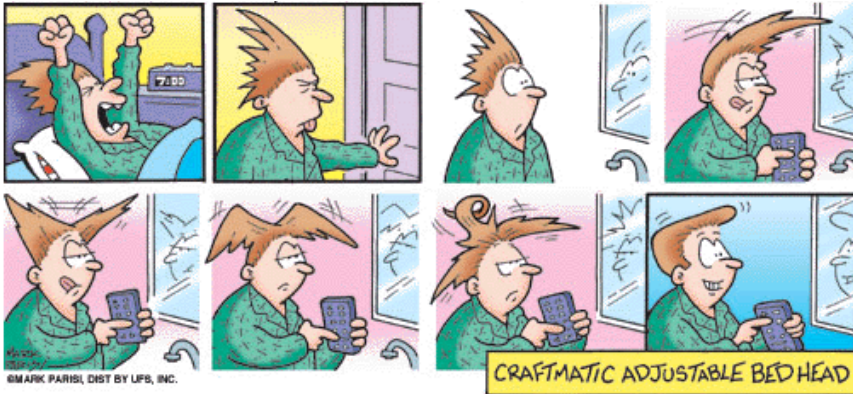

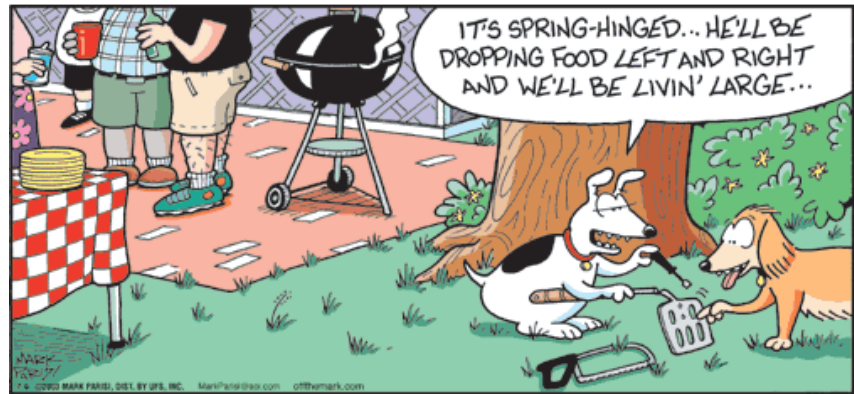

A

Most inventions serve at least one of three purposes:

1. They make life easier
2. They save time
3. They improve the quality of life

B

C

-
1. Which of these “inventions” makes life easier?
 2. Which “invention” saves its owner time?
 3. Which “invention” improves the quality of life?
 4. Identify and explain *three* real life products that (1) make life easier, (2) save you time, (3) and improves your quality of life.
